WHICH INK CARTRIDGE MODELS HAVE BEEN PERFECTED?

6/50, 6/53, 6/56 and 6/58, so you can now enjoy all of the new ink cartridge's advantages in 29 Trodat Professional models.

TRODAT REPLACEMENT INK CARTRIDGE FOR A PERFECT IMPRINT

Original Trodat replacement ink cartridges are filled with exactly the right amount of ink. This dosage ensures perfect impressions, even in different climatic conditions. Re-inking the ink cartridge can lead to poor-quality imprints and stained stamp exteriors due to over or under dosing. Therefore, to ensure perfect imprint quality always use original Trodat replacement ink cartridges!

# THE NEW TRODAT PROFESSIONAL REPLACEMENT INK CARTRIDGE

For stamp makers changing the Professional's ink cartridge is pure routine. However, inexperienced stamp users sometimes stain their fingers. In view of this situation Trodat has technically perfected the ink cartridges in its most popular models. The objective: An ink cartridge shape that eliminates any possibility of incorrect use and optimises the work process.

## DOCUMENT QUALITY

- + The standard range of Trodat stamp inks (black, blue, red, green and violet) is indelible in accordance with DIN ISO 14145-2 and therefore ensures perfect imprint quality.

In addition, the ink colour black fulfils crucial permanence and durability properties according to the DIN ISO 11798 Archivability Standard such as colour intensity (optical density) and appearance of the typefaces, lightfastness, water resistance, abrasion resistance, heat resistance and influence of the printed lettering on paper strength.

## NEW INK CARTRIDGE PROTECTION KEEPS FINGERS CLEAN

- + The new protective guard strip keeps ink off your hands
- + Protects during ink cartridge changes and date setting
- + The handle grip has been moved further down - away from the ink area
